This is all the pictures that I took on our site visit. I look for problems and issues so my pictures may not be what you want for a website. Also it was raining hard when we did the visit. You probably don't have standing water like this most of the time.

Stephen or Kenneth,

Can you assist with the below? I don't have any good photos.

Thanks,

-Ed-

Stephen -

Would you happen to have a relevant photo of the Lane Plating site I could

include in my social media reminder for the community meeting next week?
Worth a thousand words and all that ...
